Dear Clive Anderson,

Thank you for your go fund me fundraising efforts that resulted in a generous donation to Frontlines as we deal with the increasing and emerging needs of the children and youth in Weston, which is also one of the poorest ridings not just in Toronto but across Ontario.

To be so far away and connect with us during this time of the COVID 19 pandemic, means a whole lot to not only the staff at Frontlines but the community we serve. We have been working diligently to channel our resources to respond to our youth's needs through the provision of online programming and now planning for in-person fall programming while adhering to the social distancing measures as places begin to open up. We know that many parents are grappling with supporting their children's educational and recreational needs due to having been isolated over the last few months while managing working from home themselves. With your support we are able to provide our children and youth with quality programs that will allow them to flourish as they continue to deal with the Covid-19 crisis and returning back to school after months of uncertainty.

It is through support from individuals like YOU that help us to do this work and for that, we are entirely thankful. We have also attached a virtual Thank You card!

If you would like to keep up to date with our work, please visit us at www.frontlines.to or on our various social media platforms [@frontlines.to](https://www.instagram.com/frontlines.to)

Again, thank you for supporting us. We are truly appreciative.

Sincerely
